

Aditya Shahi

adityashahi1814@gmail.com , 7317539255

Enthusiastic to learn recent technology, good Programmer, Developer, AI & ML goal is to give quality of code

EDUCATION

Bachelor of Technology

Greater Noida institute of technology {AKTU (Gr. Noida)}

07/2018 - 05/2022,
6.0CGPA

Computer Science of Engineering

Intermediate-XII (state board (U.P Board))

A H I C DEURWA MADRAPALI
DEORIA (Deoria)

04/2016 - 03/2018,
70%

Non-Medical

High School-X (CBSE)

CENTRAL PUBLIC ACADEMY
(Gorakhpur)

04/2014 - 03/2015,
7.6 CGPA

Basic Subject

COURSEWORK

GRADUATE

Machine Learning, Artificial Intelligence, DSA, SQL, Open-Source Software, Engineering, Compilers, Big data, Computer Networks, Machine Learning, Data Structure and Algorithm, Python, GitHub, Java, HTML, CSS, JavaScript, Image Processing, DBMS, C, C++

SKILLS

PROGRAMMING

Experienced:

AI, ML, Image Processing,
LabelMe

Intermediate:

Python, java

Hobble

Playing games pc and mobile indoor.

EXPERIENCE

XA Group | Data analyst model trainer AI

May 2023 - Present | Noida sector 62, India, Full Time

- In machine learning and AI development, the aspects of data labeling are essential. You need a structured set of training data that an ML system can learn from and tool name LabelMe
- On top of that, these tools enable easier collaboration and quality control for the overall dataset creation process. You get an accurate training dataset from any type of data, and you can connect it with your ML pipelines. It is for car part and damages like LDM (left door mirror), LFD (left front Door), CR (crack), DJ (disjoint) etc.

Coding Ninjas | Java DSA as TA ship (Internship)

Dec 2022 - Feb 2023 | India, Remote

- I learned we are pleased to offer you the position of Teaching Assistant at Coding Ninjas. Course(s): - Java Foundation with Data Structures
- Solve the problem debugging and help to another student

PROJECTS

Emotion Recognition | MAJOR PROJECT

Dec 2021 - May 2022 | final year project using python

- One of the important ways humans display emotions is through facial expressions. Facial expression recognition is one of the most powerful, natural, and immediate means for human beings to communicate their emotions and intentions
- Technology used: OpenCV, EGG (Electroencephalogram).
- Role: Team Member.
- <https://github.com/adityashahi1/emotion-recognition-project-using-egg-python-code>

HOTEL MANAGEMENT SYSTEM | MINI PROJECT

Nov 2018 - Dec 2018 | first year project using java

- Hotel management system was developed following system development stages for smooth running and management of ABC hotel. The seven months provided by the Kenya national examination council enabled the system analyst to recognize and define the problem in the current manual system at the hotel.

Achievement

Competitive Programming (Coding Ninjas)

- In this course, I have learned Algorithm applied on data to solve the problem.

Algorithm Toolbox (COURSERA) (12/2019 - 01/2020)

- In this course, I have learned all the type of Algorithmic Technique in C++.

Programming Language in JAVA (SOLOLEARN) (08/2019 - 09/2019)

- In this Course, I have learned the Basic Concept of JAVA Programming.

Data Scientist with Python (DATACAMP) (06/2019 - 07/2019)

- Online Summer Training

Language

- Hindi, English

I hereby declare that the above written particulars are true to the best of my knowledge and belief.
